

Burglars in Banker's Home.
Burglars entered the residence of President Charles Adelbert Becker of the Bronx Borough Bank at Allerton Avenue and Bronx Park North last night and stole silverware valued at \$1,000. Detective McGrath and Pickett found a steel chisel as the only clue.

How You May Throw Away Your Glasses

The statement is made that thousands wear eyeglasses who do not really need them. If you are one of these unfortunate, then these glasses may be ruining your eyes instead of helping them. Thousands who wear these "windows" may prove for themselves that they can dispense with glasses if they will get the following prescription filled at once: to any active drug store and get a bottle of Ophthalmo-Tu, a two-ounce bottle with warm water and drop in one Ophthalmo-Tu tablet. With this harmless liquid solution both the eyes are treated four times daily, and you are likely to be astonished at the results right from the start. Many who have been told that they have "cataracts," "eye-strains," "astigmatism," "weak eyes," "conjunctivitis" and other eye disorders, report wonderful benefits from the use of this prescription. Let this prescription filled and use it; you may be stronger, your eyes that glasses will not be necessary. Thousands who are blind, or nearly blind, or who have been told they never have required them if they had cared for their eyes in time, have your eyes treated these victims of neglect. Eyeglasses are only crutches, and if you must be changed to fit the ever-increasing weakened conditions, so better see if you can, like many others, get clear, healthy, strong muscular eyes through the prescription here given.—Edvt.

STRIKE TIES UP ALL TROLLEY CAR LINES ON STATEN ISLAND

Borough May Also Be Lightless To-Night if Demands Are Not Accepted.

The conductors and motormen of the Richmond Light and Railroad Company and the Midland Railroad Company went on strike at 9 o'clock this morning, leaving Staten Island without a single trolley car in operation.

The strike came suddenly when the company without warning discharged conductors Flamm and Albert, who had been delegated to act as a committee for the strikers. The two men went to the offices to present the demands and their only answer was a notification that their services were no longer required. Within a few

minutes every man on the two railroads quit work.

H. L. Rand, the Vice President and General Manager of the Richmond Company hurriedly sent for a committee of the men immediately on the calling of the strike and a conference to talk settlement terms has been arranged. The men say the employees of the electric lighting plant are in sympathy with them and if the demands are not accepted to by night these men will go on strike and leave Staten Island without electric light tonight.

The men have asked for an increase from eighteen and twenty-two cents an hour as the minimum and maximum rates respectively to a schedule of from twenty-seven to thirty-two cents an hour, the new men to receive the minimum amount and the older employees the maximum. In an offer made just before the men went out the companies offered to increase the old employees to twenty-seven cents an hour, but made no provision for the new men.

FINALLY CAUGHT T. F. RYAN.

Process Server "Gita" Millionaire After a Long Chase.

After waiting all night in the heavy rain at Fifty-fifth Street and Fifth Avenue, a young lawyer in the office of Edmund L. Mooney succeeded today in serving a summons and complaint upon Thomas Fortune Ryan, for whom half a dozen process servers had been searching for more than a year.

The suit in which Ryan is wanted is the \$300,000 damage action brought against Metropolitan Street Railway directors by Benjamin Oppenheim, the lawyer, who was disbarred at the instance of the railway company and later re-instated.

At 7 o'clock this morning the lawyer saw Mr. Ryan leave the house in a limousine. It was the millionaire's first trip to the city in six months from his country place in Virginia. The lawyer followed in a taxi and caught Mr. Ryan in Wall Street.

Fifty-eight officers were present, thirty-two from out of town. They came from Cleveland, Pittsburgh, Syracuse, Grand Rapids, Chicago, Milwaukee, St. Louis, Baltimore, Philadelphia, Memphis, Hartford and various other cities of Massachusetts, New Jersey and Illinois. Washington, D. C., was also represented. James E. West, the Chief Scout Executive of the National Organization, presided and the delegates were welcomed by Colin H. Livingstone, the President.

WINGED VISITORS HERE.

Brilliantly Hued Birds From South Stop for Time in City Hall Park.

The first class in ornithology was called in City Hall park shortly after 1 o'clock today when several brilliant hued visitors from the Southland made their appearance and disputed rule over the green oasis with a flock of English sparrows. Two of the visitors were slightly larger than well filled sparrows, with bodies of scarlet and wings of jet black. Others of the visitors were gray of wing and back and yellow of breast.

BILL RAISES ITS LIMIT ON POLITICAL EXPENSES

Committee Amends It to Allow Any Party to Spend \$400,000 in Presidential Election.

WASHINGTON, May 17.—The Owen Bill to amend the Corrupt Practices act was reported today by the Senate Elections Committee with amendments increasing the aggregate disbursements permitted in Presidential elections from \$250,000 for all political parties to \$400,000 for any party and restricting the total disbursement to \$50,000 for any candidate for President and \$25,000 for a candidate for Vice President. The bill puts a \$5,000 limit on expenditures for a candidate for the Senate and \$2,500 on a candidate for the House.

Individual responsibility would be placed on a candidate by a provision that no money shall be disbursed by any committee except by his consent and knowledge. Another amendment would make the provisions of the bill apply to individual contributors as well as political committees. The bill would require statements

of receipts and disbursements to be filed ten days before and ten days after any primary or election. No disbursements would be lawful except those for travelling expenses, sustenance, fees for placing a candidate's name on the ballot, clerk hire, telephone and telegraph tolls, printing, rent of offices, advertising and rent of halls for meetings.

A STATE OF UNEASINESS.

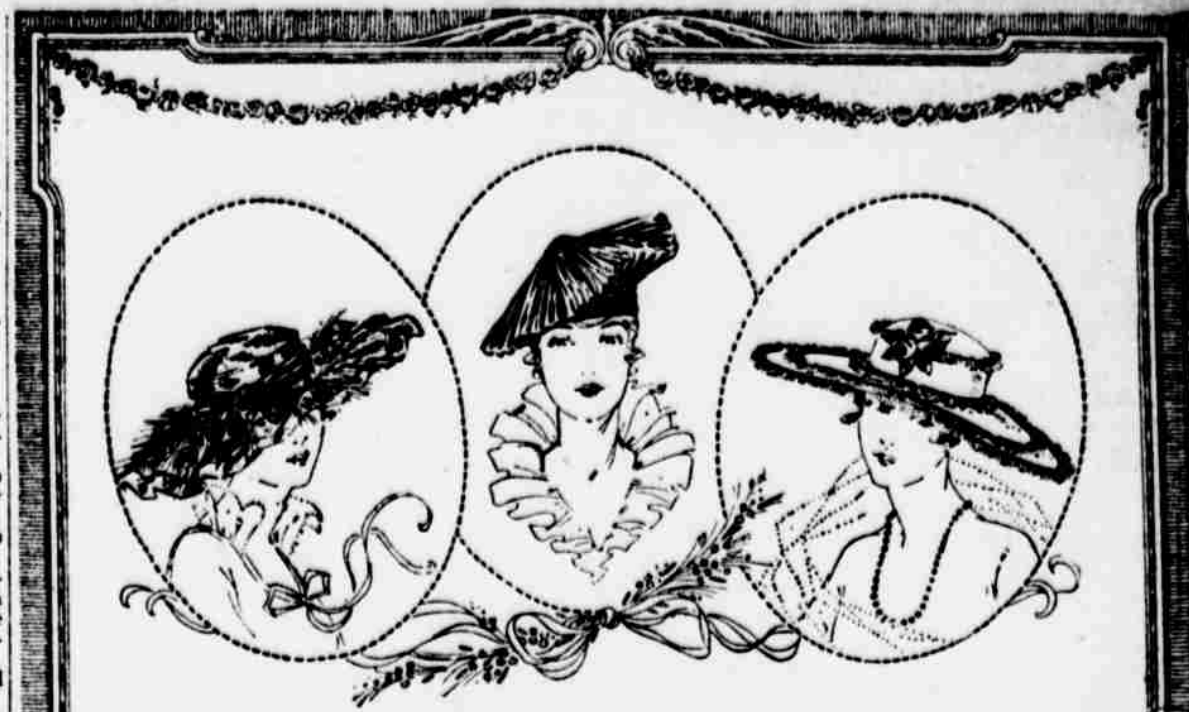

The Result of Unlooked-for Attack.

This has been trying weather for those who possess the intelligence to recognize danger at a glance.

There are thousands of Grip victims who have been alarmed by their slow recovery.

After an attack of the Grip one's vitality is dangerously low. Johann Hoff's Malt Extract, the world-famous tonic-food, is invaluable as a body nourisher. Builds up the entire system, makes blood, flesh and muscle and as a brain food has no equal.

Equally beneficial to men, women and children. Held in highest medical esteem for over fifty years. Taken with meals and delightfully palatable.—Advt.
